One-stop solution

Many business owners and families entrust us with the solemn responsibility of executing their legacy plans precisely as envisioned.

As Professional Trustees, we safeguard our clients' funds and meticulously oversee the allocation of assets to their designated beneficiaries, adhering faithfully to our clients' carefully crafted plans.

Trust structuring is highly personal and customised, adaptable to a myriad of scenarios.

It ranges from a straightforward declaration of trust over assets such as company shares, to intricate and complex structures involving trusteeship of highly valuable assets spread across several jurisdictions.

1 Trust Licence and Regulated Activities

Precepts Trustee is a Trust company (Licence No. TC000040) licensed by the Monetary Authority of Singapore (MAS). It is licensed to conduct the following regulated activities:

- Provide services to the creation of Trust
- Acting as Trustee to Trust
- Provide Trust administration services to Trust

At Precepts Trustee, our team comprises legal experts with the precise knowledge, extensive

experience, and impartiality needed to guarantee a seamless and stress-free trust distribution for beneficiaries.

2 Estate and Trust Administration

Estate administration is a process in which the appointed Executor or Administrator administers the estate of a deceased person.

Typically, when a loved one passes away, their spouse or next-of-kin must go through a court process to settle debts, liabilities, funeral costs, and other expenses before distributing the remaining assets.

This administration procedure can be both lengthy and intricate, placing a burden on your grieving family. Moreover, it can become costly if the Administrator/Executor lacks the legal expertise required.

3 Appointment of a Corporate Trustee as your Executor/Trustee

If you are seeking an extra layer of assurance, you have the option to appoint Precepts Trustee as the Estate's Executor and Trustee. This choice ensures that your intentions will be executed with purpose, fairness, and competence, providing you with peace of mind.
